If You Have Acne (Blackheads, Pimples, Cysts)

This Doctor Makes House Calls!

No one dies from Acne.

But sometimes you wish you could.

You catch sight of yourself in a mirror or maybe reflected in a store window. And it makes you sick.

Those feverish blotches. Pus-filled pimples. Dirty blackheads.

You think: How could anyone love someone who looks like that? And you've tried *everything*.

Everything? Not quite.

You haven't tried the one thing that *must* work—or it doesn't cost you a dime.

Acne is a serious disease. Even if it does "go away by itself," it can leave disfiguring scars, "Ice-pick" or ridged scars that even surgery (dermabrasion) won't always remove.

And because Acne is a serious disease, it requires serious treatment. Prompt. Professional.

And that's *exactly* what the American Dermatology Company—and its Director, Edward B. Frankel, M.D.—offer you.

A *professionally* selected program for treating Acne. In Dr. Frankel's qualified medical opinion there is *nothing* more *effective* available for home treatment!

In fact, Dr. Frankel (who is himself a Dermatologist*) makes this recommendation:

Your skin condition must show *immediate*—and *continuing*—improvement. Otherwise, return the unused medication for a prompt refund—and make an appointment with a Dermatologist in your area.

To the Dermatologist, "Acne" actually involves a number of abnormal skin conditions. These may show up individually or in combination. *Proper* treatment is *specific*. Under-treatment will not clear the condition. Over-treatment is a waste of money and may actually aggravate it.

To help Dr. Frankel recommend the program *specifically* designed for you, decide which code letter most accurately describes your condition:

- ☐ A—Oily skin (which can lead to Acne)
- ☐ B—Blackheads
- ☐ C—Blackheads and pimples
- ☐ D—Blackheads, pimples, and cysts ("bumps")
- ☐ E—Pimples
- ☐ F—Pimples and cysts ("bumps")

In the coupon, check the appropriate code letter and include the price indicated. You'll be taking an important step toward a clear, glowing complexion!

©1972, N.W.P. Dist.

*As you probably know, a Dermatologist is a medical doctor who, after successfully completing his M.D. course and serving an internship, then spends another 3 years as a "Resident," specializing in the treatment of skin disorders.

☐ D—$7.50 ☐ E—$3.50 ☐ F—$4.50

(Please add 50 cents for Postage & Handling!)

I understand that if I'm not completely satisfied with the results, I can return the unused medication within 30 days and get my money back. (But what I really want to get "back" is a smooth, clear, healthy skin!)

Spy-All Lets You "See Through" Walls, Fences and Locked Doors!

Secret of Private Detectives and Industrial Spies Revealed!

A remarkable optical device about half the size of a cigarette now makes it possible for you to see without being seen. People who relax in "privacy" have no way of knowing that you can see everything they do!

Spy-All allows you to secretly observe every action—while you stay safely hidden. Operation of the tiny device is silent, almost impossible to detect. The eyepiece is no bigger than the head of a pin!

If you drilled an ordinary hole through a wall, fence or door, you could see very little. But installation of Spy-All's unique optical principle, called "X-pand," multiplies your field of vision. With X-pand, almost no detail or movement in a room can escape your Spy-All sight! That gives you some idea of Spy-All's powers! But the real surprise is the price: three dollars!

Unlimited Uses:

Spy-All's uses are limited only by your interests and imagination!

Spy-All can penetrate a 3-inch-thick wall in your home, office or factory. The highest fence or thickest door can't stop you from observing—without being observed!

Professional Uses Suggested:

Private and hotel detectives. Insurance investigators. Undercover agents. Security guards. Store owners—watch shoplifting suspects. Employers—get eye-witness proof of loafing or theft. Hospital staff—watch restless patients without disturbing them.

Camera hobbyists can even take pictures through its low-distortion lens! And Spy-All has possibilities that Candid Camera never dreamed of!

Order Spares and Extras!

Order spares so you're never denied sudden or unexpected opportunities. Order extras for trusted friends; they might be glad to pay you a handsome profit.

The Spy-All principle was perfected in Germany. They are now being sold by a special division (Detection Appliances) of a reputable mail order firm, located at 466 North Western Avenue in Los Angeles. Their total sales throughout the U.S. are over $1,000,000. The owner has been a respected local businessman for 19 years.

5-Year Service Guarantee:

Spy-All is sold with this 5-year guarantee: If it fails to work due to any defect, without any charge, D.A. will either repair or replace it—or at its option, refund the purchase price.

Polly The Pigeon was the first to arrive at the Friday morning monthly meet of the Inhabitants of Eco Lake and its vicinity. When they had all gathered there, she mounted the Big Rock and began the meeting.

"We are all here to help Sally the Swallow. As you all know, she now has three young ones in her nest. She has given them names. Swille The Swallow, Sandi The Swallow, and Sidnie The Swallow. All nice and good healthy little birds. But she has a big problem on her hands. For three days she has told them that they have to start flying. And they have replied it is so nice and cozy in the nest. In fact, they don't want to learn how to fly at all. Any questions?"

"I noticed that you said she has a big problem on her hands. But a bird doesn't have any hands. Only two feet. So why didn't you say she has a big problem on her feet?" said Froggie The Frog.

"Correction, Correction," shouted Chippy The Chipmunk. "Her hands are also her feet. And you can even say her feet are also her hands."

"You took the words right out of my mouth," said Buzzie The Bee." It is most important that we help her. I can remember when I was young and didn't want to fly. My mother said she would count up to five. If I didn't fly before that, she would have no choice but to sting me. You should have seen how I flew."

"Now wait a minute," objected Chippy The Chipmunk. "You just said that I took the words right out of your mouth. Where are those words? Go show them to me. I would never be so impolite as to take anything right out of anyone's mouth. Furthermore it would not be hygienic. There would be microbes on whatever it is to be taken out of a mouth."

"Order, Order," yelled Polly the Pigeon. "We want to help a friend in need."

"I noticed you said order, order," commented Squaro the Squirrel. "Now what is it you would like to order? Something nice for lunch? Just an order for yourself? Or will you order a lot of things and treat all of us."

"I don't mean that kind of an order," continued Polly The Pigeon. "I mean just let us not lose our heads."

"How can we lose our heads?" objected Sniggie The Snake. "Our heads are attached to our bodies. Even if we are absent minded or careless, we can't lose our heads. But on with the matter at hand. How can we help a friend in need?"

"I understand the U.S. Government Printing Office in Washington, D.C. issues a lot of books. And that there is one on how to fly. We could purchase that book and have Sally the Swallow read the instructions to her three little ones."

"How silly can you be," said Froggie The Frog. "I know all about that book. Last summer a fisherman was reading it. Then he threw it away. So I read a few pages in it. It happens to be for people who want to learn to fly an airplane. Not for little birds who want to learn to fly with their own wings."

"Seems to me we are getting nowhere at all with all the things you are saying. What can we do?" demanded Polly The Pigeon.

"I know we have a very critical situation," said Chippy The Chipmunk. "But for a long time I have been very puzzled. When you say we are getting nowhere at all, just where is nowhere? I looked at a map of the world. I could find a lot of countries, oceans, mountains, rivers, cities, and oceans. I even looked in a geographic index. I couldn't find a place called Nowhere. So will somebody help me. Where is it?"

"Nowhere is located three miles south of the End of the World. First you go find the End of the World. Then be sure you have a compass. Locate due south. Go there and you will find Nowhere."

"I think I have a good idea," said Buzzie the Bee. "Let me fly up to the nest and speak to the three little ones who do not want to fly."

So the bee flew up to the nest and 58 seconds later the three little birds were flying. Everyone cheered! The problem had been solved. All due to Buzie the Bee. What had she done? They all wanted to know.

"I did to them what my mother did to me. Said I would count up to five. If they didn't start flying before that, I would use my stinger on them. Of course they didn't know my stinger had been injured and was in the repair shop."

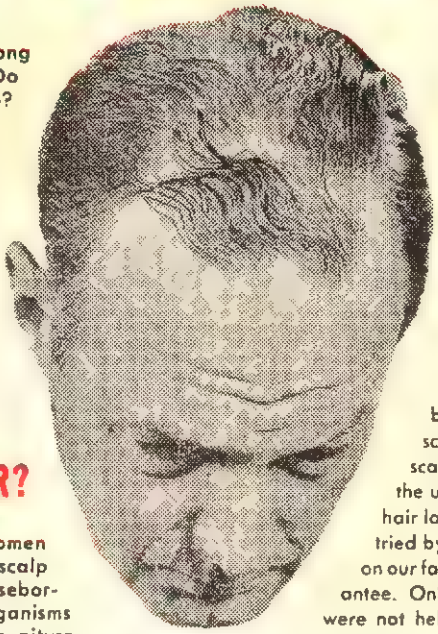
IS YOUR HAIR GROWING OR GOING?



Stand in front of a mirror. Take a long hard look at the top of your head. Do you have as much hair as one year ago? Do you see any new hair growth?

If your answer is no, it is important that you take steps today to save the hair you now have. If you act now, you may be able to reverse the trend on your head. You may be able to grow new hair faster than it is falling out. Doesn't that make sense to you? Wouldn't you like to look in the mirror a year from now and see more hair on your head than you see now? Why lose your hair if you don't have to?

CAN YOU SAVE YOUR HAIR?

Every year thousands of men and women go bald — needlessly — because of a scalp infection. This scalp infection is called seborrhea. Doctors say that three germ organisms cause seborrhea: staphyloccocus albus, pityrosporum ovale, and microbacillus. These germs attack the sebacious glands and the hair follicles themselves. If not checked, permanent damage is done. The hair follicles atrophy, lose their ability to produce new hairs. The result: premature baldness.

You can easily tell if you are a victim of seborrhea. If you have itchy scalp, dandruff, hair loss, very dry or oily scalp, the chances are that you have seborrhea. Neglect these symptoms and you invite baldness.

Treat your scalp to Ward's Formula. This amazing scalp medicine quickly controls seborrhea and stops the hair loss it causes.

DOUBLE MONEY BACK GUARANTEE

In seconds, Ward's Formula kills the three parasitic germ organisms retarding normal hair growth. This swift germicidal action has been proven in scientific tests by a world-famous testing laboratory (copy of laboratory report sent on request). Ward's removes infectious dandruff, stops scalp itch, brings hair-nourishing blood to the scalp, tends to normalize very dry or oily scalp. In brief Ward's Formula corrects the ugly symptoms of seborrhea, stops the hair loss it causes. Ward's Formula has been tried by more than 550,000 men and women on our famous Double-Your-Money-Back Guarantee. Only 1.9% of these men and women were not helped by Ward's and asked for their double refund. This is truly an amazing performance.

Why not join the men and women who have successfully ended their troubles? Treat your scalp with Ward's Formula. *Try it at our risk.* In only 10 days you must see and feel the marked improvement in your scalp and hair. Your dandruff must be gone. Your scalp itch must stop. Your hair must look thicker, more attractive, and alive. Your excessive hair loss must stop. You must be completely satisfied—in only 10 days—with the improved condition of your scalp and hair, or simply return the unused portion for Double Your Money Back. So why delay? Delay may cost your hair.

Here's the Proof!

I must admit I didn't have much faith in it, but I hadn't been using Ward's one week before I could see it was helping me. I could feel my hair getting thicker.

A MESSAGE FOR DADDIES

Get yourself a good, thorough examination once a year. Once a year, let your doctor really look you over. It'll take a little time, and a little patience. And maybe he'll poke around a little more than you'd really like. And so he should.

The whole idea is to keep you healthy. If nothing's wrong (and more than likely, there isn't) hooray! Come back next year. But if anything's suspicious, then you've gained the most important thing of all: time.

We can save 1 out of 2 persons when cancer is caught in time, caught early. That's a good thing to know. All Daddies should know how to take care of themselves so that they can have the fun of taking care of their kids. Don't be afraid. It's what you don't know that can hurt you.

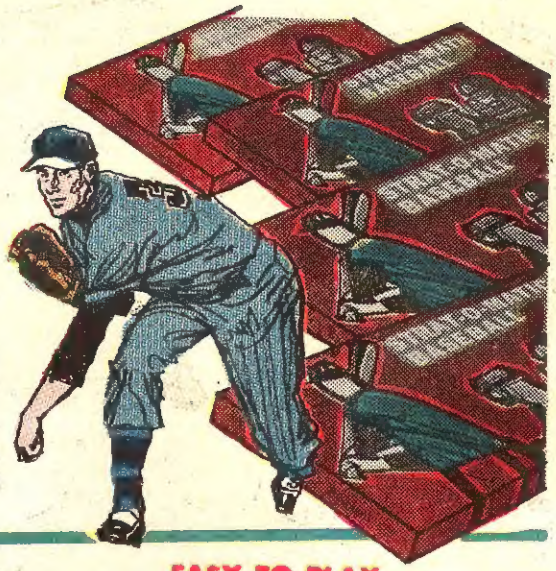
YOU can manage in the Majors with STRAT-O-MATIC Baseball.



As a STRAT-O-MATIC Major League Manager, you'll make the actual game-deciding moves Houk, Hodges, Alston, Weaver and Murtaugh make. You'll decide when to pinch-hit, play the infield in, change pitchers, signal for hit-and-run, bunt or hit away. Only STRAT-O-MATIC BASEBALL brings you so realistically face-to-face with the decisions a Big League Manager makes on the playing fields.

You're always arguing with that guy down the block about who can manage a Big League team better. Well now you can settle that argument under as close to real game conditions as you can find this side of a Major League dugout. And have great fun doing it playing STRAT-O-MATIC Baseball, the real-to-life game that uses actual big league players according to their proven abilities. It's strictly up to YOU to manage your players — to pull them together under your leadership into the most powerful team possible.

You know your baseball. What to expect from clutch-hitting Roberto Clemente with men on base. How to pitch to Willie Mays with Willie McCovey on deck. How the good control pitchers like Fergy Jenkins seem to get stronger in the late innings while "wild men" like Nolan Ryan tire. In STRAT-O-MATIC its up to you to get the most out of your players.

DO THINGS YOUR WAY

As you watch a game on TV, aren't there times when you disagree with the manager's decision? When you'd hold Tom Seaver back an extra day to match the Cardinal's Ace, Bob Gibson. Well STRAT-O-MATIC is your chance to play Big League baseball YOUR way.

As a STRAT-O-MATIC Manager, if you make the right decisions, you're going to win. That's because we've taken every possible statistic on 480 Big League players and put them into a computer. All this vital information is brought together on an individual performance card for EACH player. In STRAT-O-MATIC, a player performs as he does on the field. Brooks Robinson makes those incredible plays at third. Frank Howard hits them out of sight.

EASY-TO-PLAY

Sounds complicated? It's not. The computer does all the hard figuring. Playing STRAT-O-MATIC is easy. It's only the decisions that are hard. Should you hit and run with Boog Powell at bat. It reduces the chances of a groundball Double Play. But you take a chance on the free-swinging Powell taking a whiff as the runner is cut down at second. It's YOUR decision in STRAT-O-MATIC.

STRAT-O-MATIC Baseball begins when you make up your lineup. Would you go with Manager Spanky Anderson's day-to-day lineup for Cincinnati? Or would you slot Pete Rose in the important third place in the order rather than as lead-off? When, as Yankee Manager, is it time to yank Stan Bahnsen? Do you bring in McDaniel or Aker?

PLAY YOUR DREAM GAMES

Manage STRAT-O-MATIC against all the kids in the neighborhood. Play actual American and National League schedules. Play your inter-league "dream games" — Vida Blue on the mound for Oakland against the Mets with Tom Seaver. You can even pick your own ALL-STAR teams and manage them in a 7-game "World Series" rather than the inconclusive single game.

If you like Big League Baseball, you'll love STRAT-O-MATIC. And just playing it will help you to become a "headier" player yourself. Fill in the coupon and we'll mail you a colorful brochure explaining STRAT-O-MATIC BASEBALL in detail. It's free and includes free samples.
